O R D E R

On September 1, 1993, Dr. Peter Mears, an intervenor, filed a letter with the Commission requesting reconsideration of the Commission's Order dated August 12, 1993 wherein Central Kentucky Cellular Telephone Company ("Central Kentucky Cellular") was granted permission to construct a cell site facility in Louisville, Kentucky. The Commission will treat Dr. Mears' request as a motion for rehearing pursuant to KRS 278.400.

The Commission finds that the motion for a rehearing should be denied since the information offered by Dr. Mears is either already in the record or could have, with reasonable diligence, been offered at the former hearing and does not appear to be evidence relevant to the determination of whether to approve the application to construct the cell facility.

IT IS THEREFORE ORDERED that Dr. Mears' motion for rehearing be and hereby is denied.

Done at Frankfort, Kentucky, this 20th day of September, 1993.
